Beautique Nails was only established in August of last year in Kopper Hair Studio in Glanmire, can you believe it's so new? Brand new and yet winning awards already! It is run by Cliona Sweeney, who has been in the beauty industry for the last 14 years, and is an award winning nail technician in her own right. Beautique specialise in manicures, Gelish three week manicures, Gelish pedicures, and gel and acrylic extensions, so there's nothing they don't do when it comes to hands and toes! Cliona is also a Gelish educator for Creative Academy in Dublin and has been teaching courses for the past seven years – so she really knows her stuff. She has also recently opened her own dedicated beauty training academy, branching off from the salon into the Beautique Training Academy in Cork city. Congratulations to the team at Beautique!
